The beginning of the week will be hard for you. You won't have fun at school; you will argue with someone (maybe your best friend), and you will fail something – a Maths test, perhaps. On Wednesday, you will have a small cycling accident. But don't worry, you'll be OK! On Thursday, you will do something nice with your best friend, and on Friday you will receive a call that will make you very happy! You will see lots of friends at an event on Saturday. On Sunday, you'll win a wonderful prize.
