

EXTRA CHALLENGE

Imagine that you are going to plan, design and build your ideal school. Think about the following:

- the materials you are going to use
- the style you are going to build it in
- the classrooms: what they look like, what kind of furniture there is, how they are organized
- the canteen: where it's going to be and what it's like
- the staffroom: where it is and how it's furnished
- any other special rooms or facilities you'll have: a library, a concert hall, a gym etc.
- the outside space and facilities
- what your school offers prospective students

Now write a short description of your ideal school.

WEBQUEST

Go online and find the answers to the questions.

- 1 Where is the Walt Disney Concert Hall and who designed it?

- 2 What is the tallest residential building in New York City?

- 3 Who designed the Sydney Opera House and where was he / she from?

- 4 When did Oscar Niemeyer die and how old was he?

- 5 Name three ancient Roman inventions we still use every day.

- 6 What is Bauhaus and when did it begin?

MARCIE'S MISUNDERSTANDINGS

Read the cartoon. What do you think Brad is going to explain to Marcie?
